

FINISHES AND FINISH OPTIONS

All pieces are finished with a catalyzed lacquer/varnish or water borne finish that resists stains, moisture rings and spots, heat damage (from hot beverages, etc.), and abrasions. Finishes are formulated to meet Kitchen Cabinet Manufacturers Association (KCMA) standards and provides lasting protection.

Standard finish is GREENGUARD Certified: We use a catalyzed sealer and top coat that is **GREENGUARD Certified** for low chemical emissions as the default finish option on all of our products. **GREENGUARD certification** is a testing program of UL (Underwriters Laboratory) focusing on the issue of indoor air quality. Further information about **GREENGUARD certification**, can be found at: <http://www.greenguard.org>
