## PETER JACOB

The best of menswear...well dressed but not stuffy. Textural plaids, sumptuous velvets, and rich leather encompass our Peter Jacob fabric direction. Color is driven by eclectic pairings and the perfect mix of warm and cool.

## CLASSIC MADE CURRENT INTRODUCING WESLEY HALL WITH PETER JACOB

More than just new forms and furniture, Wesley Hall's fall introductions reflect a confident step into the brand's colorful future, namely a bold collaboration with breakout Grand Rapids designer Peter Jacob. **Clean, crisp and carefully tailored**, the pieces showcase the Kendall-graduate's eye for detail, his **penchant for scale** and his **skill with architectural, exposed wood accents**. Jacob's **chic-yet-sensible Mid-Western style** shines alongside Wesley Hall's **uncommon craftsmanship**. Broadening Wesley Hall's already-expansive range, the new collaboration extends the company's aesthetic with each structured design and striking textile. Instead of a departure, however, the additions feel like a **thoughtful extension** — a **true evolution** — of the company's '**classic made current**' philosophy
