

Finish color and overall sheen are subject to factors ranging from dye lots of chemical stains to underlying variations in the raw wood to the eye judgment of the experienced sprayer.

We will match finish on furniture ordered together; however, we cannot guarantee an absolute match.

We recommend choosing from the wood samples to ensure accurate color. All finishes can be distressed at no upcharge.

Finishes shown with an "*" asterisk denote a finish with "dusting". Please note dusting will only show on wood with carvings.

Finishes shown with a double "**" asterisk show natural wood. Color of the wood will vary frame to frame.
