Limitations

There are some specific colors I cannot use for my bases and front chair legs because of the size materials I need to use (As in the Madison, Williamson and Shaker Tables, Galvaston, Madison, Shaker front chairs, and the Madison End and Coffee Tables). However I can make some changes and you can still get your colors. I can't get any 4 x 4 posts for Tropical colors. But I can alter the bases by using 1 1/2" materials. The chair front legs I can get in any color using the Williamson style legs minus the flutes. In the Galvaston table base I can get all colors except Ivory, Cardinal Red or Pink. Chairs, sofas, and loveseats I can get all colors using 1 1/2" legs.

The colors I can do without limitations are:

Bright White	Antique Mahogany
Cherry Wood	Birchwood
Weather Wood	Driftwood Gray
Turf Green	Black
Tudor Brown	Patriot Blue
Dark Gray	Ivory
Light Gray	Coastal Gray
Brazilian Walnut
